

Dr. Aisha Patel

aisha.patel@email.com | +1-555-0101

PROFESSIONAL SUMMARY

Senior AI Engineer with 8+ years of experience in ML/DL, LLMs, and production AI systems. PhD in Computer Science with focus on NLP. Expert in PyTorch, TensorFlow, and RAG architectures.

TECHNICAL SKILLS

Python • PyTorch • TensorFlow • Machine Learning • Deep Learning • LLMs (GPT, Gemini, LLaMA) • Prompt Engineering • RAG • LangChain • Vector Databases (FAISS, Pinecone, Chroma) • FastAPI • Docker • Kubernetes • MLOps • SQL • NoSQL • AWS • Fine-tuning LLMs • Reinforcement Learning • Hugging Face • GPU Optimization

PROFESSIONAL EXPERIENCE

Senior AI Engineer | TechCorp AI Labs

2020 - Present

Led development of production LLM systems serving 10M+ users. Built RAG pipelines with 95% accuracy. Fine-tuned LLaMA models for domain-specific tasks. Deployed models on AWS with Docker/Kubernetes. Implemented MLOps practices reducing deployment time by 60%.

ML Engineer | DataSystems Inc

2017 - 2020

Developed deep learning models for NLP tasks. Built data pipelines processing 1TB+ daily. Implemented transformer models achieving SOTA results. Created REST APIs with FastAPI serving 100K+ requests/day.

Research Scientist Intern | AI Research Lab

2016 - 2017

Published 3 papers on neural architecture search. Implemented novel attention mechanisms. Contributed to open-source ML frameworks.

KEY PROJECTS

Enterprise RAG System

Built production RAG system using LangChain, Chroma, and GPT-4. Implemented semantic search with 98% relevance. Deployed on AWS with auto-scaling. Reduced query latency to <100ms.

LLM Fine-tuning Framework

Created framework for fine-tuning LLMs (LLaMA, Mistral) with LoRA/QLoRA. Achieved 40% improvement in domain-specific tasks. Open-sourced with 2K+ GitHub stars.

EDUCATION

PhD in Computer Science (AI/ML) | Stanford University | 2016

M.S. in Computer Science | MIT | 2012
