

Emily Chen

emily.chen@email.com | +1-555-0103

PROFESSIONAL SUMMARY

ML Engineer with 3 years of experience in machine learning and Python development. Experience with PyTorch, scikit-learn, and building ML pipelines.

TECHNICAL SKILLS

Python • PyTorch • scikit-learn • Machine Learning • Deep Learning • Pandas • NumPy • FastAPI • Docker • SQL • Git • REST APIs • Data Analysis

PROFESSIONAL EXPERIENCE

ML Engineer | DataTech Corp

2022 - Present

Developed ML models for predictive analytics. Built data pipelines with Python. Created APIs with FastAPI. Worked with PyTorch for deep learning tasks.

Data Scientist | Analytics Inc

2021 - 2022

Analyzed large datasets using Pandas and NumPy. Built classification models with scikit-learn. Created visualizations with Matplotlib.

KEY PROJECTS

Predictive Analytics System

Built ML pipeline for sales forecasting. Used scikit-learn and XGBoost. Achieved 85% accuracy.

Image Classifier

Developed CNN with PyTorch. Used transfer learning with ResNet. Deployed with Flask.

EDUCATION

M.S. in Data Science | UC Berkeley | 2021

B.S. in Computer Science | UCLA | 2019
